
(alien's name (s), surname (s), date of birth, passport number)

COMMITMENT
TO DECLARE THE PLACE OF RESIDENCE

_____ 2021

I undertake to declare the place of residence in a dwelling with a living area of at least 7 square meters (where necessary) for each adult who has declared a place of residence there.

An alien seeking a residence permit in Lithuania must prove that his or her living space is at least 7 square meters. An alien coming for training or studies is subject to the requirement of 4 square meters of the living space. The residence requirement does not apply to a minor alien, a driver of an international freight transport vehicle and an alien sent to work temporarily in another Member State of the European Union or the European Free Trade Association.
